Who We Are

The Baking Industry Foundation (BIF) is committed to the success of the baking industry. Founded in 2001, the purpose of BIF is to provide support to the baking community through education and research programs designed to benefit the baking industry and the consuming public.

Foundation Mission

The Baking Industry Foundation (BIF), provides bakeries realistic, practical solutions to everyday business problems.

*It accomplishes this by:*
- Developing educational resources that will optimize industry operations, value and service.
- Supporting, conducting and disseminating research and technical studies that will improve management knowledge.

The Baking Industry Foundation is recognized by the Internal Revenue Service as a charitable 501(c)(3) education and research foundation. All contributions are fully tax deductible as provided by law. Please refer to BakingIndustryFoundation.org for the list of states in which we are currently registered to accept contributions.

Supporting the Industry

The Baking Industry Foundation (BIF) is committed to contributing to the ongoing success of the Baking Industry. BIF does this by supporting the continuation of traditional baking techniques and the development of tools to help improve marketing and the bottom line for bakers.

The BIF furthers the education of the younger members of our industry through scholarships and skill competitions. By making a donation to the BIF, you are solidifying your passion for our industry. Your donation will help the BIF further fulfilling its mission.

Every dollar that is donated to the BIF will be used to continue funding educational programs, scholarships, skill competitions and the development of new strategies that will help the Baking Industry prepare for future success.
